# Leave it Better

*What's it all about?*

You've probably all seen the posters, been to a meeting, or heard what's going on by now, but do you really know what Leave It Better is all about? To give you a better idea, we'll have to cover some quick history.

ILC has been around for over 50 years now. That's long enough that many of the staff and faculty attended high school, college, or seminary here. In the last half a century, the school has supplied the CLC with dozens of pastors and teachers as well as seeing through hundreds of high school graduates. For me and many others, the dorms and campus have served as a second home. The friends you make here can come close to family, and the memories will last a very long time.

Now in a minute, I'm going to talk about how Leave It Better is a way for students (and alumni) to give back to the school, but first I have to clarify what that means. What is Immanuel Lutheran High School, College, and Seminary? Is it a group of buildings and some woods? Just a school? A gift from our founding fathers? How about the people that run and attend it? While it may be all of these things, above all it is a blessing from the Lord. Immanuel – God With Us. This is a place where the Word of God is taught, learned, shared and celebrated by those who believe it. Leave It Better is an organized group of students who want to show their thanks and glorify the Lord by doing just that- Leaving it Better than when they found it. We want to do this by improving, restoring, and helping to maintain the campus and facilities on which the school exists. Around one-third of the high school students came to the very first meeting, and I know that even more than that are willing to help. We have volunteers from our experienced collegians, and strong support from our hard-working faculty and staff. Soon we are going to reach out to the ILC alumni and ask for their support for our projects too. With all this ambition, motivation, and energy, we can get a lot done!

Projects we discussed at the meeting include: steps going down to the athletic fields, redoing the amphitheater, improving the trails and creating a park in the woods, building a swing-set on lower

campus, planting trees to fill the logged areas, and getting lots of black dirt and grass seed onto the hill where we meet. Some of these are already underway. We're still looking for more ideas to help preserve or improve the campus!

Have any ideas  
to keep Leave it  
Better busy?

# From The Editors

So, for those of you who don't know us, we are your Flash editors, Lydia Albrecht and Johanna Ohlmann. We're seniors here at ILC, and boy what a ride it has been! When we were freshmen, we remember thinking that it's going to take forever to get out of here! But it has flown by! We can't believe we're seniors already. Looking back on these past 3 years, we see many great times as well as hard times. But through all these times, we have grown so much, physically and spiritually. And that's what being here at ILC is all about - growing in your Christian faith surrounded by people who believe the same things you do. The past 3 years have been such a learning process and most of all a blessing to both of us and we're looking forward to having an amazing senior year! We wish all of you the Lord's blessings this year and every year to come.

# Meet the Freshmen!

## Leah Mackensen.

Leah was born in Berrien Springs, Michigan, 14 years ago. We moved to Madison, WI when she was 6 months old and stayed there 7 years. Leah's interests in those early years included gymnastics, dance, soccer and meeting new people. She was homeschooled for kindergarten and then completed 3 years at Peace Thru Christ Lutheran School. A move to Milwaukee came next and Leah, outgoing and friendly, had a new group of friends almost immediately. Leah loves the New York Yankees, softball, Justin Bieber, theater and texting. Our many years of driving to and from Immanuel for activities made her more than ready to start her freshman year. I think she had been packed and ready to go for many months!

## Bryan Sydow.

Bryan was born April 19, 1998 in St. Paul, MN. Bryan Adam Sydow was named after a very famous rock star...Bryan Adams!!! :) (his mom's favorite!! Have him sing 'Summer of 69'!!) He was known as 'Charlie Brown' as an infant....blockhead! His favorite animal is a tiger, and he has a stuffed tiger who he named "Twelve" (no idea why that's just the name he gave him when he was two.) Yes, he still has Twelve. He used to dress Twelve up as 'Robin' (yellow cape & mask) when he was 'Batman'. They were inseparable; it was kind of like our version of Calvin & Hobbes.

Bryan's favorite foods include a wide range of things: cucumbers, carrots, almost any kind of fruit, corn dogs, doritos with ketchup, and yes....Lays STAX potato chips. He's not much of a candy person except for Kit Kats. Baseball and basketball are his

Favorite sports to play. When he was 12, his baseball team won the MN state championship. His favorite teams are all MN teams. He has Joe Mauer's autograph. Bryan and Mom camped out at 4am in line to get it.

Bryan amazingly has never had any major injuries other than a black eye he got from his uncle! It was a rough game of kickball. He loves to "go fishing" for turtles. Bryan loves little kids and was an awesome helper to the kindergarten teacher at Berea each year.

# 3

## Joci Gamble.

Jocelyn Gamble was born in Burnsville, MN; the second of three children. From day one she's had her gorgeous red hair. Her favorite cousin is Jacy Mielke. Despite having a dog, she's not really a dog person. Joci is pretty klutzy, but she loves to read and is a pretty good writer. She likes people watching, yet would prefer to be the one other people watch. Her favorite season is Fall, and her favorite food was Ramen, until she started living in the dorm. We miss Joci back home, mostly for the entertainment she brings to our lives!

## Clay Bobek.

John "Clay" Bobek was born April 10, 1998, in Berlin, WI. He was born on Good Friday in that year. We named him John after his great grandfather, grandfather, and dad, John. Clay is the oldest and has 2 sisters and 1 brother.

Clay loves farming, hunting, fishing, and the Packers. He enjoys showing pigs, lambs, and steers at the county fair, playing basketball and baseball.

Clay attended K-8th grade at Faith Lutheran School in Markesan, WI.

Class of 2013

Karl  
Alvin  
Sieg

*By Carl Ryan*

**CR:** Where were you born?

**KS:** Watertown, South Dakota

**CR:** How many siblings do you have?

**KS:** 1 brother and 1 sister

**CR:** What sports do you play?

**KS:** Basketball, baseball, and football

**CR:** Packers or Vikings?

**KS:** Packers

**CR:** Twins or Brewers?

**KS:** I don't care. It's baseball!

**CR:** Who are your favorite Profs?

**KS:** Sullivan, Lau

**CR:** Do you have any favorite meals at school?

**KS:** Taco Bell at lunch and McKathy's at supper

**CR:** Favorite classes?

**KS:** Art, Chemistry, Computer II

**CR:** Do you have any favorite movies?

**KS:** Batman: The Dark Knight Rises

**CR:** Favorite books?

**KS:** I don't read!

**CR:** Is there anything interesting about you?

**KS:** I co-owned a business with my brother when I was 14.

**CR:** Any words of advice?

**KS:** Freshmen, respect the people older than you (minus Jonah).

# Megan Chloe Wirth

By Hannah Hulke

**M**egan Chloe Wirth was born on February 4, 1995 in Kalamazoo, MI. She's the oldest daughter of Randy and Lori Wirth, with a younger sister, Madelyn. As a baby, Megan lost all of her hair over the course of months, so her mom had to put flowers and bows on her head so that people would stop saying, "Oh, what a cute baby boy." Also, if you listen closely, she never can say "-ing" correctly, which she says is because her tongue was attached to the bottom of her mouth when she was young. The Wirths moved to Milwaukee when Megan was two, and to Eau Claire when Megan was eight. She preferred living in Milwaukee because it was as if she had a million brothers and sisters since her mom ran a day-care. From first to sixth grade, Megan attended Eau Claire Lutheran School, part of the LCMS. When she was in seventh grade her family joined the CLC, and she went to Messiah Lutheran in Eau Claire until high school. She has an eleven-year old dog named Doggy, and a cat, Sassy.

Over the course of her high school career, Megan has been involved in volleyball, basketball (which her dad helps coach), softball, Lance, and occasionally writing for the Flash. Besides these extra-curriculars, Megan has donated her time to Special Olympics for a few years. "I like hanging out with the kids. They have such unique and fun personalities." Her favorite high school memories include all of the scary movie nights Sophomore year and going to baseball games. Megan also works at Justice, so if you're in the mall someday, stop in and say "hi," because she gets really bored. Just don't tell her manager.

Next year, Megan plans on going to CVTC for her generals and then transferring to UW-Stout for early childhood special education. The advice she gives to under-classmen is: "Don't give advice for Senior Spotlights."

CLASS OF 2013

9

# Class of 2013

*By Becca Naumann*

Birthday?

Drew: 5/10/1995

Hometown?

Drew: Tacoma, Washington.

What is your greatest high School memory?

Drew: Definitely not Connor. That was a tragic mistake that should not have occurred.

What is your favorite sport?

Drew: Golf. I'm really bad at the other ones.

What's the best movie you have ever watched?

Drew: Star wars!

I sat down with some of those closest to Drew. Here is what they had to say:

Nick: Drew is a person I have lived with for 17 years. After all that time, he is still hilarious! But he lacks personal skills and any kind of compassion.

Wilke: Shut the door!

(At this time Drew would like to add, "Wilke and I aren't actually friends I just tolerate him.")

Curtis: Please keep the door shut!

Read some of Drew's Favorites on Page 9

# Meet Prof. Rodebaugh!

*By Nathan Rodebaugh*

By now most of you have probably heard we have a new Prof. on campus. He happens to be my dad, so I was asked to pick apart his brain.

## **Where were you born and to whom?**

Camp Lejeune, North Carolina. Born to Gunnery Sgt Robert and Jeanne Rodebaugh.

## **Where are all the places you've lived?**

Jacksonville, NC, Alexandria, VA, Philadelphia, PA, Port Angeles, WA, Camp Pendleton, CA, Oceanside, CA, La Crosse, WI, Iowa City, IA, Wichita, KS, Milwaukee, WI, and Eau Claire, WI.

## **Where was your favorite place to live?**

Probably Wichita, KS, because my favorite son was born there. (He never actually said this, but I bet it's true.)

## **Now, Dad, I'm sure by now people have heard you're pretty strict. Would you care to tell us why?**

It's probably because I served four years in the United States Marine Corp from 83-87, or it could be because I had to discipline my sons a lot.

## **What are some of the places you visited while in the Marine Corp?**

I spent 6 months on a Navy ship touring Asia. I visited Korea, the Philippines, Okinawa, Hong Kong, Singapore, and Thailand.

While in the Marines he married his wife, Rebecca, whom he has been married to for 27 years and had four sons with: Joshua, Samuel, Noah, and Nathan.

## **After the Marines you went to college. Where did you go, and for what?**

Bachelors Degree - Political science, UW-La Crosse. Masters Degree - Urban and Regional Planning, University of Iowa.

## **Where did you work before you came here?**

Myron L. Company, Lutheran Hospital, Mercy Hospital, Metropolitan Area Planning Dept, CH2M HILL.

## **Because people want to know how strict you are, why don't you tell us your favorite punishment that you've inflicted on your loving, peaceful, kind sons?**

My favorite punishment was making my sons hold cans at the wall. For those of you who don't know what this is, I would make my sons stand up with their nose to a wall, arms outstretched holding a one pound tomato can in each hand. I would make them do this from anywhere between 10-40 minutes to ensure they started crying. (My dad is convinced that the cans were smaller, but I remember.)

## **What is something about yourself that most people wouldn't know?**

I enjoy cooking and eating a variety of ethnic foods including Italian, Mexican, Chinese, and Thai.

# Who is Dean Marzofka?

*By Carl Strike*

While I was interviewing Dean (he called it interrogating) I learned many neat things about him. He was born April 23rd, 1964. Until recently, he lived in both Marinette and Madison. (For the details on how that actually works, ask him.) He moved here so he could help Prof. Roehl with all computer-related problems, and so Prof. can do more teaching. Before moving here and taking the IT job, he had several unique jobs: psychiatric evaluation for prison inmates, he worked in a psychiatric hospital, and as a police negotiator. He also likes building things and working with computers. His favorite things about being on campus are interacting with everyone and being surrounded by people of the same faith. He told me, "It is very, very good to be here serving the Lord with others willing to do the same."

## Megan's Favorites

*From pg. 6*

- High School Class:** Sophomore English
- Color:** Pink
- Coffee:** Iced White Chocolate Mocha with Extra Whipped Cream
- Singer:** Miranda Lambert
- Movie:** Never Say Never
- Year of High-School:** Sophomore
- Body Part:** Ears
- Food:** Cheesy Tortillas
- Prof:** Buck

## Prof's Favorites

- Movies:** all John Wayne movies (blame my Dad), Hunt for Red October, The Last of the Mohicans, Patriot Games
- Books:** Presidential biographies, The Hobbit, The Lord of the Rings, Grapes of Wrath, The Winter of our Discontent, To Kill A Mockingbird.
- Music:** 60's, 70's, and 80's rock, classic R&B and soul, Jazz, Classical composers, Blues, Reggae, Classic Country (when there were real country singers).
- Apostle:** Paul

## Drew's Favorites

*From pg 7.*

- Prof:** Buck
- Class:** Religion 10
- Month:** October
- Color:** Blue
- Music:** Bob Dylan (way better than any country. Ever.)
- Sports Team:** Seahawks
- Food:** Good Old Fashioned Hamburger.

- Psalm:** 91
- Gospel Text:** John 1
- Baseball Player:** Ryan Braun (he actually thinks Ryan Braun is cocky and full of himself, but I think he's the best so I threw him in here)

# Betcha Didn't Know... (Back-to-School Fun Facts)

By Abby Sydow

- In 1995, approximately 50% of American schools had internet access. Today, that number is 100%.
- The oldest public school in the U.S. is Boston's Latin School.
- Of the 10 largest high school gymnasiums in America, nine are in Indiana.
- Until the 1930s, most Americans only completed 8 years of school.
- In the UK, the term "public school" refers to a private academy.
- As of 2011, only 10 states have a foreign language requirement for graduating from high school.
- 2/3 of all U.S. High school students graduate without studying a foreign language.
- 77% of students are bullied mentally, verbally, or physically.

# Apple Blues

Remember those unseasonably hot days last spring? We may have greeted them like an ILC “snow day,” even though the winter had been extremely mild for Wisconsin.

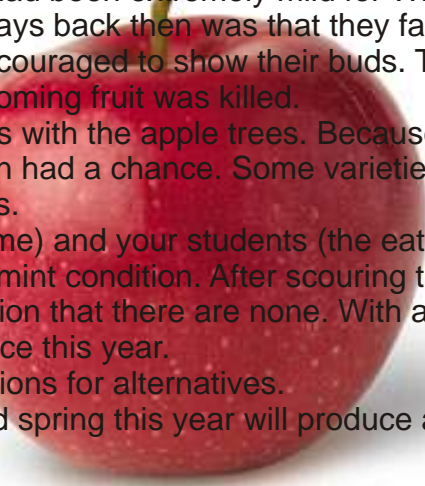

The trouble with those 80<sup>o</sup>+ days back then was that they faked out nature. Trees that typically don't bloom until much later were encouraged to show their buds. Then, when normal frosts occurred in the weeks that followed, the blossoming fruit was killed.

The biggest impact locally was with the apple trees. Because of the unusual spring 80-90% of the apple crop was lost before it even had a chance. Some varieties were wiped out completely; others produced only small quantities.

The result for the consumer (me) and your students (the eaters) is that apples this year are about as valuable as a '57 Chevy in mint condition. After scouring the countryside the last few weeks for deals, I came to the stark realization that there are none. With apologies and regret I announce that there will be no apples in my office this year.

I'll accept reasonable suggestions for alternatives.

Perhaps a “normal” winter and spring this year will produce a bumper crop next fall. (If the hail doesn't get them.)

**J. Lau**

Coming back from summer vacation,  
ILC is our new destination.  
Arriving at school after months of rest  
Getting to the end is our only quest.  
Some staying in dorms, some staying in town,  
But the experience here will not make you frown,  
Volleyball and football aren't starting as late,  
And cross-country's going to make it to state,  
New freshmen come in, old seniors go out,  
The pattern is one long monotonous route,  
But we come to ILC for one reason,  
And not just to play in the sporting season,  
It matters if only one message we've heard,  
To grow in faith and learn God's Word.

# Ridiculous Recipes

*By Rachel Schaser and Rebecca Naumann*

## ● Homemade *Mac and Cheese*

1/2 pound cooked pasta of choice  
2 cups shredded cheddar cheese  
1 cup milk  
3/4 teaspoon kosher salt

1. Place pasta, cheese, milk, and salt into a microwave safe bowl. Stir to mix. Cover lightly with plastic wrap and microwave for 3 minutes. Stir and microwave for an additional 2 minutes. Stir until creamy and smooth. Serve immediately.

## ● Omelet In a cup

1 large egg  
2 egg whites  
2 tablespoons shredded Cheddar cheese  
Toppings of your choice (bacon, peppers, ham, spinach, mushrooms etc.)  
Ground black pepper to taste  
Cooking spray

1. Combine egg, egg white, cheddar cheese, toppings, salt, and ground pepper in a microwave-safe mug coated with non-stick spray.  
2. Microwave on High for 1 minute; stir. Return to Microwave and cook till eggs are completely set, 1 to 1 ½ minutes longer.

# Camp Koyquin

*By Sarah Tester*

To those of you who went to Camp Koyquin this summer, I bet you can agree with me that it was quite a great week. To those who weren't there, here's a rundown.

Camp Koyquin is a camp put on by the CLC for those going into grades 5-12. Everyone, including the counselors, stay in cabins. All of the campers are split up into many teams who then compete against each other in challenges. Whichever team wins the most points by the end of the week gets the biggest trophy! Besides challenges, there are also three activities that campers choose to do each day. These include things like water aerobics, fishing, trophy making, arts and crafts, and many

more. The other big daily activity is swim time! While you're not swimming, you get FOB (Feet on Bed), which is highly needed due to the fun filled days.

But the best thing about camp is coming together with fellow Christians, worshiping with them, meeting new people, and just having fun. You should come sooner rather than later, because this camp is only every other year. Make the most of your time; it's an experience you don't want to miss.

# Volleyball Camp

*By Emily Hein and Nichole Brandle*

Everyone who has been to an ILC camp before knows how much fun they are. Well, this year, on July 22nd to the 25th, a lot of high schoolers showed up to the 2012 Immanuel Volleyball Camp. Everybody had a great time!

Coach Lau was in charge of the camp, but he wasn't alone. April Sydow, Karen Falkenburg, Heather Thompson, and Stephanie and Heidi Lau all helped him out. At the end of camp on Wednesday, four awards were given out. They were: Rachel Schaser, best hitter; Lauren Lisak, best passer; Emily Marzofka, most improved; and Kirsten Brandle, most enthusiastic.

In addition to all the volleyball, we did a lot of extra activities. Some of the things we did were swimming, watching a movie, and having a pizza party. We encourage all girls going into 9th through 12th grade to come to volleyball camp next summer. You will be glad you came!

# More-a-Senior Spotlight: Raju from Nepal

By Nathan Buck

**Nathan Buck:** “Hey, Raju! Are you ready?”

**Raju:** “Yep, yes I am.”

**NB:** “So, what’s your full name?”

**RJ:** “Raju Bhitrakoti.”

**NB:** “That’s a good last name. How old are you?”

**RJ:** “27.”

**NB:** “Do you have any siblings?”

**RJ:** “Ah, Yes; one brother.”

**NB:** “Of all the foods you have tried, do you have a favorite?”

**RJ:** “Yes; really anything.”

**NB:** “Me too. Do you have a favorite color?”

**RJ:** “Red.”

**NB:** “Do you have a particular hobby?”

**RJ:** “Reading.”

**NB:** “Okay, Raju; I’m sure most of the students here have never been to Nepal. So what’s the biggest difference between Nepal and Wisconsin?”

**RJ:** “In every aspect there is a difference; physical features; economics; political; all of it.”

**NB:** “What’s the cafeteria food like compared to the the foods that you are used to?”

**RJ:** “I can’t compare. Some food I like. Some food, not so much. You know.”

**NB:** “Just curious; what are the foods that you are used to?”

**RJ:** “Rice, lentil, curry, pickle; like American pickles but a bit spicier.”

**NB:** “So is this your first time in America?”

**RJ:** “Yes.”

**NB:** “How did you arrive here?”

**RJ:** “I flew from the airport in Frankfurt on the 8th in August.”

**NB:** “Germany?”

**RJ:** “Yes.”

**NB:** “That’s pretty cool. So what’s your daily schedule like in Nepal?”

**RJ:** “Well, I take devotion, then some work in computer, lunch, traveling the city; visiting believers, bible study, supper, work, sleep.”

**NB:** “Sounds like a busy schedule. Is there anything you do for fun or exercise once in a while?”

**RJ:** “I do motorbike riding; driving; hiking.”

**NB:** “Nice. I’m big on hiking too. Is there somewhere in Nepal you usually hike to?”

**RJ:** “Yep. Chitwan National Park. Sometimes I’ve been to Mt. Everest Base Camp.”

**NB:** “That’s about the coolest thing I’ve heard all day. Is there a popular sport in Nepal?”

**RJ:** “Oh, yes; there is FIFA football (soccer), and cricket. I played football in high school, but I don’t now, you know.”

**NB:** “So how does Nepal’s climate differ from our weather?”

**RJ:** “Summer; it is the same. Winter is sometimes really cold; to zero degrees Celsius. Pretty much the same.”

**NB:** “So where do you live?”

**RJ:** “Kathmandu Valley. It is the capital city. The city, it is pretty crowded. Yep.”

**NB:** “Do you use a car to get around?”

**RJ:** “Ah, no. I own a motorbike. Sometimes I would drive through countryside or places(with his friend’s car).”

**NB:** “So Raju, one last question: you know English very well. Where did you learn?”

**RJ:** “In school. Some schools they teach it. Some, they don’t.”

**NB:** “Well, thanks Raju. It was a great time.”

**RJ:** “Yes. Goodbye.”
