FLASH

Volume 66 Issue 1

From The Editors...

I'm not quite sure what this is supposed to be about. As per usual, for the first Flash of the school year, everything was a little kittywampus. I will give credit to my stunning partner Balls (Jaqi Gerbitz) before I forget, for her impressive battle with the layout and other issues I probably didn't even hear about. The material of this edition features some basic necessities, such as word association, and also some newish articles, such as "Meet Mrs. Sandeen." When our wonderful predecessor, Becca Naumann, wrote the editorials, she often discussed the beauty of campus and upcoming events. Unfortunately, the beauty of campus is practically wasted on me, and I never know about upcoming events, so I shall babble.

Our volleyball teams seem to be doing well... the soccer team seems to be enjoying life.... who even knows what goes on with cross country?.... Well, I should obviously leave the writing to the writers. If anyone is interested in contributing to the next edition in any way, please contact Jaqi or Me. Thanks to our current contributors. Enjoy.

Back to School

Jon & Sam

Back to school, back to school, to prove to Dad I'm not a fool. Backpack on, shoes tied tight, I hope I don't get in a fight.

It's the most wonderful time of the year. Leaves are starting to change, temperatures are starting to cool, football is starting, children screaming from homework; life is good. Whatever you did this past summer, it no longer matters because school is back. Math, science, english, and choir may be your life now. You are now back on a routine that will stay the same for the next three months. So enjoy the little things in life. A smirk from Pfeiffer. A "hang loose" from the good doctor. An extra breadstick at lunch (but only if you wait for seconds) or chicken cordon bleu casserole. You might go crazy if you don't have some fun. So don't do homework on Fridays. Remember this year is a marathon not a sprint. Don't get burnt out on things too early in the school year. Some helpful hints for the school year to follow:

- 1) When faced with indecision, think, what would Bill Murray do?
- 2) When the bell rings, be in the classroom.
- 3) Don't pull fire alarms for fun.
- 4) Don't spray bug spray at a fire alarm (Fiechtner).
- 5) Don't take yourself too seriously. Do things with your friends often.
- 6) Do read the Flash (or at least pretend to).
- 7) Do not bicycle down the halls.
- 8) Don't break the dress code.
- 9) Do break ankles.
- 10) Do show up to every single boys sporting event.
- 11) Do cheer loudly.
- 12) Do not be a spectator.

If you've made it this far, you need more help than we can give.
My office hours are from 6-7:30, as an unprofessional counselor. Good luck and happy school year.

Dorm Boredom

Olivia

I'm sure all of you freshman are wondering what you do when you are bored here on campus. You have no money and no car. Bad combo. What do you do in that case? Here is a list of fun and inexpensive things to do when you are bored.

Play cards or board games (This is always a fun and competitive thing to do.).

Take a walk in the woods.

Jump in the creek (If you don't know how to get there, ask an upperclassman. I'm sure they can show you.).

Play some football or frisbee on the hill (Get outside people! It's gonna get cold really soon.).

Walk to Shopko (good way to kill some time).

Watch LOTS of movies!!!! (Movies are your friend.

Just remember that.).

Have a dance party in the dorm (Cuz you can).

Read.

Play tennis with some friends.

Get a group of friends and play some field hockey in the lower parking lot. (That is a lot of fun. Highly recommend it).

That's about all I got. If you want some other suggestions, I'm sure other people have plenty of other original ideas of things to do when you are bored! Have fun!!!!

FLASH Back

MARCH 11, 1963 Vol. 11 No. 5

The Mouth: Things I'll Never Understand if I Live to be 120..

How people who couldn't sing their way into the Salvation Army can make fun of Anna Moffo.

How anyone can listen to WDGY for more than half an hour without becoming bored to death or ready for the 'looney bin'.

Why Del Rutz didn't average 14 or 15 points this past season; he has more moves than an octopus with hives.

Why teachers give tests when they are only going to have to spend hours marking these messes we've mauled.

Why nobody notices that I have All-American potential in 3 sports.

Why teachers put up with the behavior of some students without paddling them and standing them in the corner for performing like sixth graders.

Why girls think they're beautiful when they wear so much mud; they resemble a creek bottom.

Why the girls don't think I'm handsome.

Why there were so many ILHS students at trash like "Gypsy."

Why anyone would put his life in danger for the sake of the pleasure of inhaling a burning leaf.

Why we don't have a tiddley-winks team with all the natural talent available here.

Why the bear went over the mountain.

Why girls wear skirts 3 inches above their knees without feeling immodest.

Why I noticed.

Why I wrote this column.

Why and how it ever got in the FLASH.

Jan Slander's Corner

Dear Jan, I can't stand people who are constantly griping. Should I tell them where to get off, or be passive? Bugged.

Dear Bugged: Now, what is it you're GRIPING about?

Dar Jan, I'm also a Senior who is scared stiff of boys. I can't help it, but I'm scared to death that they will bite me. What can I do besides bite them back? Please answer. Scared Stiff.

Dear Scared: I don't have any teeth.

Dear Jan, Do you think our faculty is doing a good job? Just Wondering.

Dear Just: Nice weather out, isn't it?

For the First time, we have answers for original letters. If you should have any type of problem, contact the editor of the FLASH and he will see that Mr.

From the *Current* Editors

In this section of the FLASH, we will do our best to entertain you with articles from the Flashes of years long past. Whether it be with an awful poem or a parent's Senior Spotlight, we hope you will enjoy these FLASHbacks. If you have and request for articles you would like to see, let one of us (Jaq or Joci) know and we'll do our best to dig something out of the archives. We'd love your feedback! Hope you Enjoy!

IMMANUEL FC

Gunny

As the students of ILHS return to Eau Claire, extracurriculars start up immediately as evidenced by the seemingly countless initial meetings for all of the clubs and committees and teams of Immanuel. Lunch hours and after-school time are filled with opportunities for students to become involved in something in addition to their academics.

When it comes to the fall sports season here at Immanuel, people usually think of Tuesday and Thursday nights in the gym watching the Lady Lancers bump, set, and spike their way through volleyball matches. And as we get closer and closer to Halloween and early November even, the workhorses of the cross country teams annually create buzz around campus as the regional, sectional, and State meets approach. Both of these programs have been consistently at the top of the conference for the majority of the last five years and are well-known to be some of the most exciting sports to cheer on our Lancers in. And of course the tradition of flag football rolls around after a week or two or three of school. The collegiate captains have had their draft and the four teams donning Ivy League team nicknames are ready for Friday afternoons at Bollinger Fields.

With all of the excitement that revolves around these three sports, there is one more athletics team at ILHS whose season often goes by relatively quietly. Our soccer team, coached by Prof. Sippert, Zack Sippert, and Nathaniel Krause, has been practicing since day one of school this year and there's a seemingly unusually large amount of talk about this year's team. The extremely entertaining, under-the-lights and "inaugural" home game the team had at Bollinger last year against Coulee Region Christian sparked an interest in the sport for the fans that attended it. Despite the 2-1 heartbreaking loss, the home contest along with Prof. Lau's PE 9 and 10 soccer unit in the fall of 2014, has created some hype around the 2015 club.

That quarter of PE scrimmages down on the outfield of our softball field proved to be important to this year's numbers as only eight players return from last year's team. That unit gained the team five players who will be relied on since the team has a pretty small roster. The club is filled out by four freshmen and amounts to a 17-man squad (18 when Zack is allowed to play).

One reason actually validating the opinion that this year's team has had some intrigue around it is the team's first game against Chippewa Falls High School's JV2 team at Halmstad Elementary. After just five practices, the team came out firing en route to a 7-0 debut victory against the Cardinals. Several fans took the twenty minute drive north to cheer on their Lancer fútbol team, including Doc Sydow and many seniors. The crowd was greatly appreciated by the team, who played a solid game, only letting goalkeeper David Hein touch the ball three times. Controlling possession allowed the Lancers to run away with the match and start the season off with a win.

"Immanuel FC" is aiming to have a solid, competitive, winning season this year and would really be grateful to fans that would show up to cheer them on. Many games are on Saturday, if you're looking for something to do on the weekend. This year at least two home games will be held on Saturday, September 19th and Monday, October 19th. The September match will be held at the EC Soccer Park at 4:30 against Black River Falls U19 team. The Lancers will take on Coulee Region Christian again at Bollinger Field#3 for Monday Night Fútbol on the 19th of October. Bring your vuvuzela, get the "Olé Olé Olé" chants going, and cheer the Lancers on to victory.
